

## LAMINATED BUILDING PRODUCTS, INC

---

LBP offers profile wrapping / laminating services focusing on vinyl and aluminum windows and door profiles. Chris Jablonski and Walter Majchrzak (pronounced: My-shock) formerly of Vinyl Building Products (VBP) and their team have a combined 70 years of laminating experience.

LBP is committed to providing outstanding interior and exterior profile wrapping with guaranteed quality, competitive pricing and the quickest turn-around in the industry. To ensure the highest level of quality, LBP invested in brand new Barberan slitters and laminators, computerized Nordson PUR hot melt delivery systems and temperature controlled production environments.

Additionally, LBP has partnered with the top laminate suppliers in the industry providing both interior and exterior foils including Renolit FAST-foil, a variety of colors, wood veneers and stainable/paintable foils.

LBP can laminate over:

- PVC
- Aluminum
- Fiberglass
- Wood
- Steel
